

SPA by SMELL THE PLANET

Experience, Attraction, Reverence

Our Spa is a place to energise and harmonize all the physical, mental and emotional systems of your body. We focus on well-being and on allowing our soul to connect to the planet.

Our rituals act on a vibratory frequency and they set out to bring inner rebalancing. The energetic synergy of 100% pure, infused vegetable oils restores emotional and physical well-being. That is why we only use products from biodynamic crops, only manufacturing them in a crescent moon, they are 100% vegan, extracted in the cold, and carry Spanish origin certification.

BOTANICAL WISDOM SOLAR ENERGY AND LUNAR CYCLES

Natural products of artisan manufacture whose essence is the perfect synergy of their organic ingredients.

Sun Ritual
